LAMPIRAN A
PROSES PEMBUATAN ALAT

Foto dokumentasi	keterangan
 A photograph showing two individuals working on a wind turbine setup in a rural, open-field environment. One person is standing near a tall pole with a small structure at the top, while the other is crouching or kneeling near the base of the pole. The sky is clear and blue.	Sedang melakukan maintenance pada sistem pembangkit
 A photograph of a person wearing a white t-shirt and a grey cap, sitting on the ground and working on the interior of a metal electrical enclosure. The enclosure contains various electronic components, including a large black solar panel array mounted on top. A laptop is open in front of the person, likely displaying diagnostic software or data. The background shows a grassy field under a clear sky.	Sedang melakukan penataan pada <i>electrical house</i>

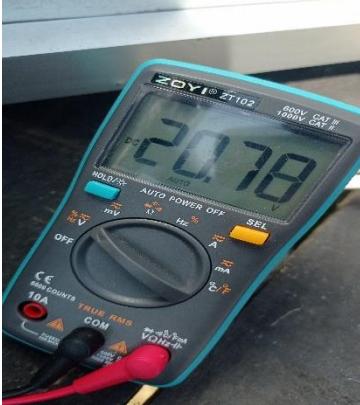

Sedang melakukan pengambilan data menggunakan alat ukur.

Sedang melakukan pengukuran tegangan pada keluaran solar cell.

Sedang melakukan pengukuran arus pada keluaran solar cell.

Sedang melakukan pengukuran tegangan pada keluaran solar cell.

Sedang melakukan pengukuran arus pada keluaran solar cell.

Kondisi rangkaian sebelum dioverhaul.

Tegangan baterai sebelum digunakan.

Tegangan baterai sesudah digunakan.
